# SAVE UP TO 87%

## with Our 23-Step Certified Pre-Owned Test Equipment

Used Test and Measurement (T&M) Equipment is an excellent way to reduce the cost of acquiring equipment. And now you have a great new choice - **Microlease Certified Pre-Owned!**

**Microlease Certified Pre-Owned** is central to our mission to help you acquire, use and dispose of test assets with maximum efficiency. We offer carefully selected instruments, including ex-rental units maintained throughout life by Microlease and quality units sourced from the blue-chip companies whose test assets we manage. All fully checked and backed by a comprehensive warranty – and at great prices up to 87% off list! Unlike many others, we only advertise units available and stock is updated continuously.

What you get from Microlease Certified Pre-Owned:

- **High Availability** - over 5,000 instruments ready to ship
- **Savings** - up to 87% off list
- **Quality** - 23-point quality check before listing and calibration included
- **Peace of Mind** - 12 month guarantee and extended terms available
- **Speed** - immediate shipping to over 150 countries

Ask about our Finance programmes, Rent-to-Buy and Divide-by-12.

This is only a guide list and availability changes continuously.

Call +44 (0)20 84 200 200 or visit [www.microlease.com](http://www.microlease.com) or

[www.livingston.com](http://www.livingston.com) now to find a product or see the full list.

## MICROLEASE 23-STEP CERTIFICATION PROCESS

### ELECTRICAL AND FUNCTIONAL TESTS

- 1 Verify voltage and fuse settings prior to switch-on.
- 2 Perform electrical safety test.
- 3 Perform Self Tests and verify displays/lights are in good working order.

### PRODUCT AND UNIT VALIDATION

- 4 Physically verify all hardware and software options.
- 5 Check the Asset No. and Serial No. match in Microlease system.

### REFURBISHMENT

- 6 Validate Firmware and Software revisions and ensure virus-free operation.
- 7 Check and clear internal memory storage.
- 8 Remove all covers and panels, clean, internal clean and removal of redundant labels.
- 9 Satisfactory feet, handles, knobs, switches, fans and filter fitted.
- 10 All memory/clock backup batteries and user serviceable batteries are satisfactory.
- 11 Make ready for shipment and repeat equipment Self Tests.

### CONFIGURE TO ORDER

- 12 Configure Hardware and Software options to match customer order requirements.

### CONFIGURE AND CALIBRATE

- 13 Verify/performance Calibration to required standard, where applicable.
- 14 Produce calibration / verification certificate, where applicable.
- 15 Affix necessary tamper-proof integrity seals, calibration and electrical safety labels.

### CUSTOMISE FOR DESTINATION

- 16 Set correct voltage, fuse and supply power cord for destination country, where applicable.
- 17 Set time, date and language for destination country, where possible.

### SEAL AND PACK

- 18 Fit protective covers to external connectors/ports.
- 19 Prepare and supply all standard accessories and manuals.
- 20 Pack with Microlease 'Instapak' and documentation for destination country.

### INVESTMENT PROTECTION

# SAVE YOUR CAPITAL

Spread costs and still get the equipment you need.

## Microlease Leasing & Financial Solutions

**Microlease supports customers with unique Financial Solutions to make acquiring Test Equipment cost effective.**

In today's climate it's essential for companies to continue acquiring the Test Equipment needed for growth, even with ever tightening budgets. Our innovative range of Test Equipment Financial Solutions helps meet this challenge across a range of brands and products.

### Lease

An **Operating Lease** from Microlease gives you a long-term rental arrangement with tax benefits that offers the lowest possible monthly cost for Test Equipment.

A **Finance Lease** from Microlease gives you a long-term payment plan which is tailored to you, giving the option to buy the equipment at the end.

### Divide-by-12

**Divide-by-12** gives you the option to Buy New or Buy Used Test Equipment and spread the costs over 12 months.

### Rent-to-Buy

**Rent-to-Buy** enables you to Rent Test Equipment with the option to purchase outright.

### easy2source

Hire for a fixed period then convert to a discounted purchase if you wish.

Whatever solution you choose, we help you save valuable capital, spread costs, improve cash flow and greatly reduce the cost of ownership.
